Certain Information About Distributions

The determination of the tax attributes of FSEP’s distributions is made annually as of the end of FSEP’s fiscal year based upon its taxable income and distributions paid, in each case, for the full year. Therefore, a determination as to the tax attributes of the distributions made on a quarterly basis may not be representative of the actual tax attributes for a full year. FSEP intends to update shareholders quarterly with an estimated percentage of its distributions that resulted from taxable ordinary income. The actual tax characteristics of distributions to shareholders will be reported to shareholders annually on a Form 1099-DIV.

The payment of future distributions on FSEP's common shares is subject to the discretion of FSEP's board of trustees and applicable legal restrictions, and therefore, there can be no assurance as to the amount or timing of any such future distributions.
